Glossary

Customer report

Total Market Value	Sum of the account values of all Investment Linked policies (ILPs) held by a policy owner
Total Investment Value	Sum of the total investment values of all Investment Linked policies (ILPs) held by a policy owner

Policy report

Account Value	This is the gross total account value calculated by summing all the respective fund units multiplied with the latest fund price
Policy Investment Value	This reflects the full value of the investment since inception. It is calculated by summing Account Value, Total dividends paid out, and Total partial withdrawals
Policy Investment Cost	This reflects the total cost of the policy. It is calculated by summing all premiums paid and top-ups made to the policy since inception, including premium-paying riders.
Total Rider Premiums	Sum of all premiums paid for supplementary premium paying riders.
Total P&L (\$)	This is an estimated Profit & Loss position of the policy, subject to market movement and calculated by: (Account value + Total partial withdrawal + Total dividends paid out) - (Total basic premiums + Total top-ups)
Total P&L (%)	$\frac{\{((\text{Account value} + \text{Total partial withdrawal} + \text{Total dividends paid out}) / (\text{Total basic premiums} + \text{Total top-ups})) - 1\}}{1} \times 100$
Annualised P&L (%)	This reflects an estimated, annualised return on investment since policy inception. It is calculated by the formula: $\frac{\{((\text{Account value} + \text{Total partial withdrawal} + \text{Total dividends paid out}) / (\text{Total basic premiums} + \text{Total top-ups}))^{(365/\text{Days invested})} - 1\}}{1} \times 100$
Surrender Value	The amount payable after deducting any surrender charge and/or outstanding amount (if applicable). Actual surrender value is dependent on the applicable forward unit price
Total Partial Withdrawal	Sum of all partial withdrawals requested from the policy since inception, including withdrawal of reinvested dividends, where applicable
Total Dividends Paid Out	Total dividends declared and paid out for all funds the policy has held since inception

Fund report

Fund Investment Value	This reflects the full value of the investment since the first units were bought in the fund. It is calculated by summing Account Value, Total dividends paid out, Total partial withdrawals, and Total Switch Outs.
Fund Invested Capital	Sum of all premiums paid, top-ups, and switch-ins made into the fund
Total P&L (\$)	This is an estimated Profit & Loss position of the fund, subject to market movement and calculated by subtracting Fund Invested Capital from Fund Investment Value
Total P&L (%)	$\frac{\{((\text{Account value} + \text{Total partial withdrawal} + \text{Total dividends paid out} + \text{Total switch-outs}) / (\text{Total premiums paid} + \text{Total top-ups} + \text{Total switch-ins})) - 1\}}{1} \times 100$
Total Partial Withdrawal	Sum of all partial withdrawals requested from the fund since policy inception, including withdrawal of reinvested dividends, where applicable
Total Dividends Paid Out	Sum of all dividends declared and paid out for the particular fund since policy inception

Important Information & Disclaimers

Please refer to the respective Product Summary(ies) for specific terms and conditions.

Important information:

This Report is prepared by Manulife (Singapore) Pte. Ltd. and is provided for information purposes only. This advertisement has not been reviewed by the Monetary Authority of Singapore.

Buying a life insurance policy is a long-term commitment. There may be high costs involved if you terminate the policy early, and your policy's surrender value (if any) may be zero or less than the total premiums paid.

Your investments are subject to investment risks, and you may lose the principal amount invested.

All fund prices shown here are indicative only and are subject to change without prior notice. Performance of the ILP funds are calculated in SGD or USD on a NAV to NAV basis with any income or dividends reinvested, but excluding any fees and/or charges which may be payable through deduction of premium or cancellation of units.

The performance of the ILP sub-fund is not guaranteed. The value of the units in the ILP sub-fund and the accumulated income (if any) may fall or rise.

These policies are protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the LIA or SDIC web-sites (www.lia.org.sg or www.sdic.org.sg).

Information is correct as at 30 Apr 2026
